Travel Protocols For Entry Into Guyana
REQUIREMENTS FOR ENTRY INTO GUYANA

All travellers must:

- Complete the Passenger Locator Form at https://guyanatrade.gy. and submit 24 hours prior to travel.

- Submit a negative molecular biological polymerase chain reaction (PCR) test result recorded within 24-72 hours prior to arrival.

- If PCR test is more than 72 hours, the traveller will be required to do a second PCR test on arrival to Guyana.

- Antibody tests, rapid test or antigen test will NOT be accepted.
GENERAL GUIDELINES UPON ARRIVAL

- Travellers are required to wear a mask at all times during the arrival process up to and including departure from the airport.

- Travellers must observe the physical distancing guidelines of six feet at all times.

- Travellers must practice good hand hygiene.

- Children under 2 years old are not required to wear a mask.
DISEMBARKATION

- Before disembarking the aircraft, the traveller must have his/her COVID-19 PCR test results visible. These results will be screened for validity by our Port Health Officers.

- Children above 2 years old must present a valid negative PCR test.

- All travellers must provide a valid local telephone number verifiable by Port Health. Travellers will be required to make a call to the telephone number provided for verification.
All travellers must undergo a health assessment. This includes a temperature check.

If the traveller's PCR test is more than 72 hours, he/she will be required to do a PCR test at the Airport.

Children below the age of 13 will not be required to undergo a second test upon arrival in Guyana.

Results will be made available within 6-8 hours of sample collection.
The traveller requiring a second test will be allowed to leave the airport but must remain in quarantine until he or she receives the test results.

If the traveller's test is positive, s/he will be transported to an alternative accommodation for isolation, until further advised an authorised Health Professional.

Travellers who are deemed to have been in close contact with a positive case will be quarantined at an approved government facility.
